BLANCO

BLANCO UNIT
drink. prep. clean.

ONE TAP, MORE CHOICE.

BLANCO CHOICE is the perfect water solution for every taste. Create endless possibilities in the kitchen with new BLANCO CHOICE ICONA and CHOICE.All, the tap and drink.system that will put more control in your customers' hands. Just one simple, compact installation lets them enjoy water their way with personalised pre-sets – the level of sparkle, the temperature, filtered or unfiltered, all tailored to individual taste buds. Maximum water enjoyment is created with the ideal combination of semi-professional kitchen tap BLANCO CHOICE ICONA and water conditioning unit BLANCO CHOICE.All. Together they provide one solution for all types of water.

CHOICE ICONA

The new CHOICE ICONA semi-professional tap delivers cold and hot tap water plus filtered chilled, hot and sparkling water – all in one place. This provides one solution for all types of water, cutting out the need for multiple products.

- Precisely control the bubbles (for sparkling water), temperature, or quantity to dispense and save 4 personal settings conveniently via the BLANCO app
- Colour-coded LED rotary wheel with touch control (start/stop) to select filtered water options
- Separate outlet for refined filtered water and mixed water, from a combined rotating arm
- Two-jet shower for mixed water with magnet hold
- Available in brushed stainless steel, black matt, satin gold and satin dark steel

CHOICE.All

Delivers filtered water that is chilled, still, sparkling or boiling hot

- Taste matters – 5-stage filtration process, outstanding protection against limescale and removes other particles that impair smell and taste
- Intuitive operation via touch display on the box or in the BLANCO app for customisation options
- The compact water conditioning system fits discreetly under the sink to maximise available storage space and occupies less than a quarter of a standard cabinet size*
- Minimalist design in dark grey, matching BLANCO sink cabinet organisers
- Includes a CO₂ filter cartridge (Soft S) and a cleaning kit

BLANCO CHOICE.All

Water conditioning box 527 661

Control the system also with an intuitive app.

- Setting desired water conditioning including the bubble intensity of the medium and fully sparkling water, adjusted filter capacity depending on water hardness in the area, the type of water, the temperature and volume in millilitres
- Save 4 personal water preference settings
- Display of system status and consumption
- Step-by-step instructions for device usage
- Support with reordering consumables like filters or CO₂ canisters
- Access support and additional functions

MODERN DESIGN WITH SUPERIOR FUNCTIONALITY.

BLANCO ADIRA

The new BLANCO ADIRA series impresses with its functional features and many possible uses for modern kitchen planning.

BLANCO ADIRA makes optimal use of the water space and making many work processes in the kitchen easier. Outstanding functionality with a modern, flexible design. BLANCO ADIRA 45 S, BLANCO ADIRA 6 S and BLANCO ADIRA XL 6 S are suited for different cabinet dimensions and requirements.

- Modern sink series made from SILGRANIT®
- Stylish colours and exceptional functionality
- High level of comfort thanks to the largest possible bowl, practical spout and flat draining zone
- The multifunctional ADIRA folding grid is included with all models and can be used as an additional work level using it on the basin or drip board
- Reversible installation

Makes the UNIT work harder: The flexible multifunctional colander works well when placed alongside the waste system

- BLANCO ADIRA 45 S: ideal for limited space
- BLANCO ADIRA 6 S: with practical second basin and a multifunctional colander included which can also be used with the BLANCO SELECT II waste system
- BLANCO ADIRA XL 6 S: benefits from an extra large bowl

ELEGANT IN DESIGN AND FUNCTION.

BLANCO CLARON Dark Steel

Here stainless steel shows its trendy side and impresses with its materiality and colour as well as functionality. The new Dark Steel version of the BLANCO design classic BLANCO CLARON provides exclusivity and style.

Consistent design with all elements in new dark steel

Elegant design with a striking, dark grey surface

- Pleasantly warm feel thanks to high-quality, pure, uncoated stainless steel
- Precise 10mm radius for a more refined design without sacrificing practical advantages
- Optimum utilisation of the bowl, extra deep basins and the smallest possible radii
- Surface is easy to clean: fingerprints and dirt can be easily removed

POPULAR MODELS IN A NEW LOOK.

BLANCO Coloured Components system

The new BLANCO Coloured Components system offers individualists and design fans maximum flexibility to customise their own kitchen water place however they like. With this system, you can combine the individual components yourself, coordinate them with each other and thus create your own individual look. This turns every kitchen into a personal haven of well-being with visually appealing, customised colour combinations.

Coloured Component finishes

Inspired by modern living trends, we have created new, harmonious colour palettes that fit every type of kitchen and are suitable for anyone who wants an individual look. So you can combine contrasting colours for the tap, sink and drainage components or go for a more uniform tonal look.

Whether timeless, modern or trendy, with the BLANCO Coloured Components, every kitchen looks fresh and unique. For a selected range of bowls, there is the option to choose from waste fittings with coloured drainage components in different tinted metal finishes, including new satin platinum and satin dark steel, to match your tap in a tinted metal finish. For these, the bowl and waste fittings, including drainage components, should be ordered individually with two separate order numbers.

DESIGN ICON FOR THE UPDATED KITCHEN.

BLANCO CULINA-S II

BLANCO CULINA-S has been an integral part of the BLANCO tap offering for years, standing for design and premium quality. With further development and improvement to the already popular first version, BLANCO CULINA-S II and BLANCO CULINA-S II sensor elevates BLANCO to the next level.

BLANCO CULINA-S II delivers the second generation of the timeless classic with visible and noticeable added value. The new design was created to bring more comfort to everyday kitchen life, with elements such as the dark inlays on the control levers and the fitting body. Together with the now even more elegant shower holder BLANCO CULINA-S II sensor and BLANCO CULINA-S II meet the design standards.

BLANCO CULINA-S II

- Iconic tap that combines exquisite design with semi-professional functionality
- Flexible metal hose offers optimal freedom of movement
- Two jets and integrated flow stop: easy to switch between ventilated, soft jet and powerful, highest spray function
- Comfortable locking of the hose with a hidden magnetic holder
- Available with different finishes
- BLANCO CULINA-S II Mini version: ideal in combination with wall cupboards

The wave sensor on the tap body activates the sensor function

Quick filling, very convenient: the pot-filler sensor makes it possible

BLANCO CULINA-S II SENSOR

- Manual or hands-free operation with sophisticated dual sensor technology that is integrated into the fitting arm and the fitting body for optimised work processes in the kitchen
- The wave sensor on the tap body activates the sensor function for a range of washing tasks
- The sensor on the fitting arm starts automatically for quick filling of pots and jars with cold water
- Power connection required on site
- BLANCO CULINA-S II Mini version: ideal in combination with wall cupboards
