

Hotpoint

New HOTPOINT BLACKLINE BUILT-IN COOKING SUITE

Introducing our new Hotpoint Blackline Suite, designed to help you cook with confidence and elevate your style in the kitchen. Our fresh and seamless Blackline collection features thoughtful technology you can count on.

THE BLACKLINE SUITE

SI9 891 SP BM

Single Oven

Create delicious meals that will have them coming back for seconds with the Blackline built-in oven. Multiflow technology distributes even heat to every corner of the oven, so you'll always achieve consistently even cooking results. The Pyrolytic cleaning function keeps your oven clean, so you don't have to.

MP 996 BM H

Microwave

The perfect partner for quick and efficient cooking. The Blackline built-in microwave features our Dynamic Crisp plate, which ensures delicious oven-baked food in less time, so whether you're cooking a pizza, quiche or even a full English, you'll get delicious crisp results in no time at all.

WD 914 NB

Warming Drawer

Created to effortlessly blend into the kitchen, the Blackline warming drawer will keep your dishes at the perfect serving temperature, from plates and serving dishes to pots and pans. This multifunctional drawer also works as a practical solution for proving dough.

PHBS9.8CLTDK/1

BLACKLINE HOOD

Keep your kitchen smelling fresh with our Blackline T-Box hood.

THE BLACKLINE SUITE HOBS

Prepare delicious meals and avoid kitchen mishaps with a Hotpoint hob. The CleanProtect coating on our induction hobs ensures a long-lasting shine and makes cleaning easy with water*. If it's a gas hob you need, choose Direct Flame, for precision and less heat wastage. The powerful flame is delivered vertically through 420 tiny holes, so no heat is wasted around the sides of the pan.

*Compared to Hotpoint's non-coated standard hobs
