

Hotpoint

BUILT-IN KITCHEN STUDIO

Hotpoint

A woman with dark curly hair, wearing a blue and red striped shirt, is smiling and holding a wooden spoon. She is in a kitchen setting with various vegetables like a yellow bell pepper, red onions, and green beans on a cutting board in the background. The background is slightly blurred.

YOUR *trusted partner*, HELPING
YOU CARE FOR
YOUR HOME FOR
OVER 100 YEARS

Our thoughtful home solutions have been relied on for generations to help protect you from mishaps. From cooking appliances that prevent pans boiling over, to washing machines that remove more than 100 stains at low, protective temperatures, you can count on us to be there for you when you need us.

Count on Hotpoint's thoughtful home solutions to help you cook with confidence.

Hotpoint

Hotpoint

MULTIFLOW TECHNOLOGY

FOOD THAT'S COOKED *consistently* EVEN THROUGHOUT

Multiflow technology, available across Hotpoint's full range of electric ovens, distributes constant heat to every corner of the oven, controlling the temperature to within a precise 2 degrees. For consistently even cooking with no burnt edges or raw middles - whichever shelf you're using.

MEAT PROBE

COOK SUCCULENT JOINTS OF MEAT *without opening* THE OVEN DOOR

Monitor the internal temperature of your meat to easily know when it's reached the desired temperature.

ACTIVE STEAM

PREVENT FOOD FROM *overcooking* AND *drying out*

Cooking with steam delivers deliciously crisp results on the outside while keeping the centre soft and succulent. Choose from three levels of steam, dependent on what you're cooking.

TAKE THE *effort* OUT OF CLEANING THE OVEN

Our ovens offer a number of self-cleaning programmes and features, so you never have to spend hours cleaning the oven again.

PYROLYTIC CLEANING

A special cycle safely locks the oven door and heats up to 470°C to burn off any fat and grease without having to use detergents. Simply dust away any residue once the cycle is complete.

CATALYTIC LINERS

Catalytic liners are special panels that catch fat splits and grease, removing them naturally during the cooking process, so you can spend more time cooking and less time cleaning.

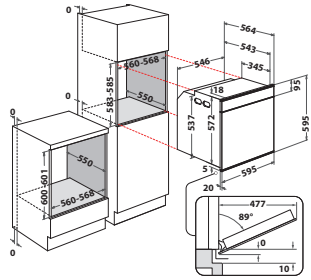

HYDRO CLEANING

A 35 minute self-cleaning steam programme loosens fat and food residue from the special coating on the sides of the oven, that can be simply wiped away after the cycle has ended.

HOTPOINT

microwaves

So much more than just
reheating and defrosting.

Hotpoint

DYNAMIC CRISP

FOR MEALS THAT
ARE *crisp* AND FULL
OF *flavour*

Dynamic Crisp enables you to cook foods such as pizza, halloumi & even a full English breakfast by quickly reaching the ideal temperature for browning and crisping.

MICROWAVES
& COMPACTS

DYNAMIC DEFROST

Quickly AND *safely*
DEFROST MEAT, POULTRY,
FISH, VEGETABLES OR BREAD

The ideal programme for defrosting food quickly and safely, preserving all the nutrients. Simply select the type of food and its weight: the microwave will automatically calculate the time required for even defrosting.

AUTOCLEAN

TAKE THE *effort*
OUT OF CLEANING

Never worry about cleaning with our AutoClean function. Simply select the programme, and let the microwave do the rest. The special interior coating makes wiping away any residue quick and easy.

QUARTZ GRILL

HEAT IN *seconds*

The powerful Quartz Grill instantly pre-heats, helping to create deliciously golden pizzas, gratins and lasagnes.

MULTIWAVE TECHNOLOGY

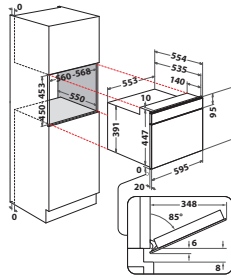

EVEN COOKING,
HEATING AND
DEFROSTING *in*
a hurry

Consistent and even cooking throughout your dish without the need to stir. This innovative technology perfects the microwave distribution which ensures they reach every part of the dish.

INDUCTION *hobs*

Your trusted partner
in the kitchen.

Hotpoint

CLEANPROTECT INDUCTION HOBS

Shine YOU CAN COUNT ON. THE *easiest* TO CLEAN HOB USING JUST WATER*

Introducing our new Induction Hob with **CleanProtect**, designed to be a trusted partner both when it comes to cooking delicious meals and cleaning up afterwards.

CleanProtect is a new **coating that shields the hob from halos and marks, making cleaning easier than ever.** Keeping it looking as good as new over time. In addition, **My Menu** technology makes preparing any recipe easy by **setting and holding the correct temperature,** preventing pans from boiling over and food from sticking. **Count on Hotpoint to help you cook with confidence.**

*Compared to Hotpoint's non-coated standard hobs

INDUCTION HOBS

DISCOVER CLEANPROTECT: *shine you can count on*

A hob that can stand the test of time, looking as good as new, even after years of frequent use, thanks to **CleanProtect**.

This technology shields the hob from halos and marks making it **5 times more resistant to chipping.**

The easiest to clean hob **using just water, saving up to 6 bottles of detergent per year*.**

*Saving calculated in a period of 1 year, considering 11.4 ml of generic degreaser (equivalent to 6 sprays) used 8 times a week; bottle capacity 750 ml

MY MENU

YOUR *perfect* KITCHEN ASSISTANT

Prevent cooking mishaps with My Menu. Simply select one of the automatic functions, **melting, boiling, keep warm,** and **slow cooking,** to cater for all your cooking needs.

Use **Melting**, to slowly melt chocolate or butter without risk of burning. **Slow cooking**, for low and slow-cooked stews, soups and joints of meat. **Keep warm**, for maintaining serving temperature, great for breakfast or busy family mealtimes. The **Boiling** function will rapidly bring a pan of water to the boil without food sticking or the pan boiling over.

ACTIVE HEAT

CHANGE THE *temperature* OF YOUR HOB BY SIMPLY MOVING THE PAN

With Active Heat, the whole cooking surface is divided into independent zones with different temperature levels (low, medium, and high). So you can alter the temperature of your cooking by simply moving the pan.

SLIDER CONTROL

Superior HEAT CONTROL

Directly control the power of each cooking zone using the responsive slider. Hotpoint inductions hobs offer between 9-18 power levels, allowing you superior heat control.

BOOST POWER

EXTRA *power* AND *control* FOR WHEN AN INJECTION OF HEAT IS NEEDED

Perfect when boiling water or searing meat. When this function is activated, within seconds the heat reaches its maximum level for 4 minutes: boosting cooking speed, whilst retaining full control.

VENT HOBS

OUR *all-in-one* SOLUTION TO *cooking* AND *venting*

Our vent hob features a built-in venting hood that automatically removes cooking vapours and odours, protecting your kitchen and keeping it smelling fresh. The efficient induction hob combined with a hood in one appliance offers you the freedom to install your hob where you desire.

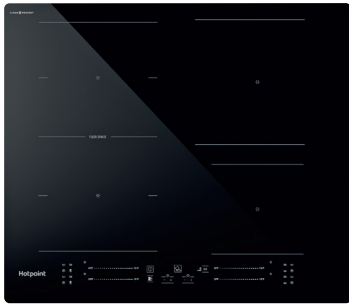

TOTAL FLEXI

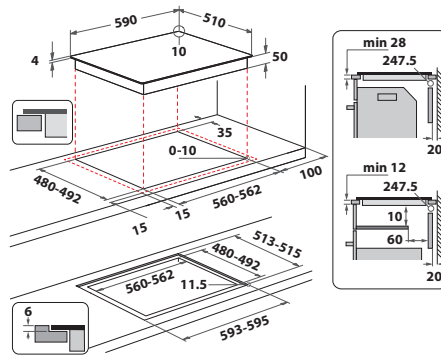

THE *flexibility* TO COOK THE WAY YOU WANT

Total Flexi features 8 independently controlled coils, giving you maximum freedom to customise your cooking zones to suit your needs. This unique surface evenly distributes temperature for large pans or multiple smaller pots.

INDUCTION HOBS

GAS *hobs*

Freedom and precision
in the kitchen.

Hotpoint

DIRECT FLAME TECHNOLOGY

NO MORE HOT AND COLD SPOTS, JUST *even heat* ACROSS THE ENTIRE SURFACE OF THE PAN

The powerful blue flame is delivered vertically via 420 tiny holes, so no heat is wasted around the sides of the pan, saving up to 20% in time and energy*. Preventing any hot or cold spots, for delicious results every time.

*Compared to a standard gas hob

FLAME CONTROL

SET THE *ideal flame* level FOR YOUR DISH

Ultimate control over your flame. Use the 9-level Flame Control to precisely set the right temperature for any dish or food type. .

WOK BURNER

HEALTHY STIR FRY *in minutes*

The wok burner optimises the power of gas and allows quick and uniform cooking, delivering even heat around the pan, and is 15% faster than standard burners.

GAS ON GLASS

ACHIEVE A *long-lasting shine*

The Hotpoint gas hob has an elegant glass surface, which offers a fresh touch to your kitchen style and makes cleaning a breeze.

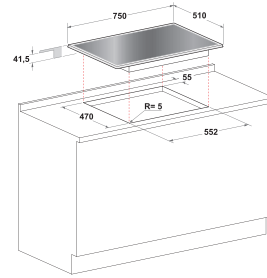

CAST IRON PAN SUPPORTS

CAST IRON PAN SUPPORTS YOU CAN *rely on*

Hard wearing and durable, keeping your kitchen looking great. Durable and sturdy for a professional finish. Cast iron's tolerance to prolonged contact with heat and ability to stand years of heavy-duty use makes it durable whilst retaining a professional look.

GAS HOBS

Hotpoint

HOTPOINT *hoods*

A breath of fresh air
in the kitchen.

Hotpoint

BOOSTER

FOR *maximum* EXTRACTION POWER

For maximum extraction power use the booster option for the those stubborn, lingering odours. The timed booster switches off automatically after 5 minutes.

TOUCH CONTROL

CONTROL YOUR COOKING FROM THE TOUCH OF YOUR *fingertips*

The intuitive easy-to-use Touch Control interface provides simple and immediate access to all of your hood's settings and functions from the touch of a finger.

SILENCE CONTROL

A SINGLE TOUCH FOR *silence*

Without having to stop the hood, the Silence Control button allows direct access to the lowest noise level (up to 35dBA) with just a single touch. This feature allows you to choose amongst 4 levels, so you can select a sound level that is best suited to you and your kitchen

HOODS

LED LIGHTING

Light up THE ENTIRE SURFACE OF YOUR HOB

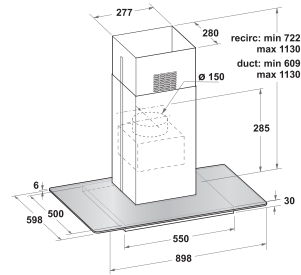

Light up the entire surface of your hob without shadows with LED lighting, which also offers 90% energy savings, last 10 times longer, and emits less heat than conventional lamps.

HOTPOINT *dishwashers*

Skip the scrubbing and get a sparkling clean you can count on.

Hotpoint

HYDROFORCE

DISCOVER THE *Hydroforce* DISHWASHER: THE FIRST THIRD RACK WITH INTEGRATED SPRAY JETS IN THE MARKET*

The new Hotpoint dishwasher provides 100% cleaning coverage to reach every corner, thanks to the new **Hydroforce 3rd rack - the first on the market* with integrated spray jets** - and more usable space in the Maxi Space tub.

*Referred to all models of dishwashers with 3rd rack with integrated and dedicated spray jets sold under Whirlpool Corporation brands: Whirlpool, Hotpoint and Indesit. Market: Europe, Middle East, Africa. May 2023.

MAXI SPACE TUB

10%* MORE *usable space*

The **Maxi Space tub** provides more loading capacity with the same standard footprint. From oversized plates and pots to delicate wine glasses.

With **adjustable lifters in the middle rack**, you can raise them up to create more space in the bottom rack for large pots. You can also move them down if you need extra space on the middle rack for larger wine glasses or plates.

The **Maxi Space tub** ensures you have all the space you need.

*Comparison between Hotpoint dishwasher models with standard tub and Hotpoint dishwasher models with Maxi Space tub. Extra space refers to the increased total loading area among the three racks.

3D ZONE WASH

80%* *more WATER POWER*

Remove even tough, baked-on food like lasagne with the **powerful 3D Zone Wash system**. The new independent spray system at the bottom of the tub offers **up to 80%* more power**, so your crockery all comes out sparkling clean.

*The new 3D Zone Wash applicable for models H81 HT59 LS UK, H71 HP42 L UK and H81 HP42 L UK. All other models, feature the existing system that enables 40% more water power or 40% energy savings.

ACTIVEDRY

99%* BETTER DRYING RESULTS AND UP TO 40%* *energy savings*

At the end of the cycle ActiveDry automatically opens the door by 10cm when the internal temperature is around 40°C, allowing air to circulate for a natural yet improved drying performance.

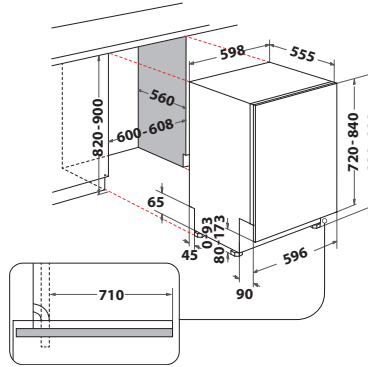

*Based on average drying performance of Hotpoint built-in dishwasher with 3 racks and ActiveDry on combined load including plastics, glass, steel and porcelain as compared to Hotpoint built-in dishwasher with 3 racks without ActiveDry. Drying performance results may vary based on dishwasher model and load.

**Percentage of energy saving calculated vs. deactivated ActiveDry option for Eco programme.

HOTPOINT *fridge freezers*

Thoughtful technology to help prevent food waste. Count on Hotpoint to take care of your fresh and frozen food.

Hotpoint

FRESH ZONE +

KEEP YOUR FRUIT AND VEGETABLES *tastier* FOR LONGER

The Fresh Zone+ drawer helps to maintain the right temperature, and features a handy humidity dial, so your fruit and vegetables stay crisp and full of flavour, for longer.

SPACE MANAGEMENT SYSTEM

Flexibility AT YOUR FINGER TIPS

Personalise your fridge by moving the shelves in the balcony and main compartment up and down to meet your storage needs.

ACTIVE FRESH

MAINTAIN THE IDEAL TEMPERATURE FOR LONG LASTING *food freshness*

This clever technology quickly restores temperature and humidity for optimal food preservation.

ACTIVE OXYGEN

REDUCE UP TO 99% OF *viruses and bacteria* WITH ACTIVE OXYGEN

Active Oxygen technology releases tri-oxygen molecules (O₃) into the fridge, neutralising unpleasant odours by up to 70% and reduces bacteria* and virus** growth by up to 99%. Active Oxygen is a molecule made up of 3 oxygen atoms – the same type that are present in nature and released into the atmosphere during a thunderstorm. Active Oxygen technology recreates this process inside your machine, so it doesn't need any refilling or maintenance when not in use.

*ISO 9001-2001 certification. Tests performed by Sereco-Biotest Laboratory
**Virucidal field tests done by Notovir srl following the Guidance on the BPR, Vol. II Parts B+C, v. 3.0 Apr 2018 and including also Human Coronavirus OC43 for 24 hours at 4°C. Results referred to Murine Norovirus and Human Coronavirus OC43 and may vary based on shelf positioning and presence/absence of packaging. Tests on bacteria done by an independent laboratory on Petri plates in the 24 hours, according to ISO 22196, bacteria tested E.Coli and St. Aureus

TOTAL NO FROST NO SOGGY SALADS AND *never* DEFROST YOUR FRIDGE OR FREEZER *again*

Total No Frost technology consistently circulates air around both the fridge and freezer so moisture can't build up, which means no soggy salads and no ice build up, so you'll never have to defrost your fridge or freezer.

WASHING MACHINES *and* WASHER DRYERS

Tough on stains, kind to clothes.

Hotpoint

WOOL CARE

Soft AND gentle CARE FOR YOUR WOOLLENS

Trust Hotpoint to provide the utmost care for your woollens with a delicate wash programme that ensures a perfect clean whilst protecting the softness of the fabric.

WASH & DRY 45°

TOTAL LAUNDRY *convenience*

Achieve total laundry convenience - wash and dry a load of laundry in just 45 minutes.

ANTISTAIN QUICK

REMOVE EVERYDAY STAINS IN JUST *45 minutes*

This rapid 45 minute cycle removes common, everyday stains, without the need to pre-treat your clothes, so you can leave the laundry to Hotpoint, knowing your fabrics will be protected and look like new.

ANTISTAIN

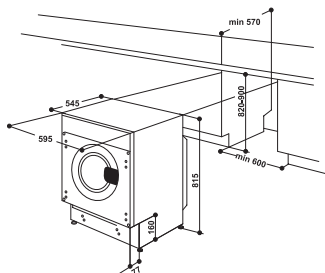

Every day STAIN REMOVAL

A dedicated Antistain programme that easily eliminates common stains from your clothes without the need for pre-treatment. The machine innovatively controls the correct amount of water, temperature level, detergent and drum movements, so you can say goodbye to stains.

HOTPOINT CARE

Quality at the heart of all we do

OUR APPLIANCE LEAVING THE FACTORY ISN'T THE END OF THE STORY. FOR US IT'S JUST THE START OF A WHOLE NEW CHAPTER.

At every stage of the creation of our appliances, everyone's job is to always achieve the highest possible quality standards. This has shaped our history and success that we always strive to build on. From design to material selection, from production to after sales service, our objective is to keep our appliances working perfectly. New products are tested to simulate 10 years of use - that's the equivalent to thousands of hours and we're so confident in the quality and reliability of Hotpoint appliances, we even offer replacement parts free for the first 10 years.

GUARANTEED PARTS FOR 10 YEARS ON LARGE APPLIANCES

Your Hotpoint appliance is covered for a full 12 months by our own parts and labour warranty. In addition, when you register your appliance we also provide free parts for the first 10 years when fitted by our highly qualified engineers. Please call **0800 597 8520** to register today.
(For the Republic of Ireland please call **012 300 233**).

REGISTER MY APPLIANCE

Hotpoint is proud to support
the Register My Appliance initiative

WHY REGISTER YOUR APPLIANCE?

- Allows us to contact you in the event of an important product update
- Gives us full details of the products you own, should you need to contact us
- Whether old or new we would like to know which Hotpoint appliances you have

HOW TO GET THE BEST OUT OF YOUR APPLIANCE

At Hotpoint we design and manufacture our appliances to provide many trouble-free years of service to our customers, but there are also a few things you can do yourself to help ensure your appliance operates to its full potential.

To find out visit www.hotpointservice.co.uk

WE'RE HERE IF YOU EVER NEED US,
call us on 03448 224 224

Hotpoint Service is second to none. We are open when you need us and our operators are on hand 364 days a year to answer your call on **03448 224 224** (For the Republic of Ireland please call **0818 313 413**).

For more information, please visit hotpointservice.co.uk

LOCAL ENGINEERS NATIONWIDE

We are the largest white goods service team in the United Kingdom & Republic of Ireland, with over 1000 locally based Hotpoint engineers. These fully trained Hotpoint specialists will ensure you receive fast, reliable and local service.

APPOINTMENTS TO SUIT YOU

We do everything possible to fit in with your busy lifestyle, including flexibility of appointment times. Saturday appointments are also available in some areas. We will send you a text message with a 3 hour time slot on the evening before your appointment.

PROFESSIONAL WORKMANSHIP - BY THE EXPERTS

Our engineers are professionally trained at the Hotpoint School of Excellence and receive continuous training to ensure they are up-to-date with the latest products. We only fit genuine Hotpoint replacement parts and guarantee our repair work for a full 12 months.

YOUR PEACE OF MIND WITH TOTAL PROTECTION

We offer fast, quality repairs and protection plan options for complete peace of mind. Hotpoint appliances come with a full 12 months manufacturer's guarantee. Extra peace of mind is also available with a Hotpoint care plan, which offers repair and protection for your home appliances.

SATISFACTION GUARANTEED

Within the first 28 days of ownership we have a dedicated team who provide fast track product advice and assistance to deal with your enquiries quickly and efficiently. In the unlikely event that a technical problem occurs that cannot be resolved in this period we will replace your appliance.

Specifications and technical information are subject to change at any time. While every effort has been made to ensure that the information contained in this brochure is correct at time of going to press, Hotpoint cannot be held responsible for any errors or omissions that may come to light after publication. Products offered for sale may differ from those described or illustrated herein and Hotpoint reserves the right to alter specifications without prior notice. Due to printing limitations the colour of appliances illustrated herein cannot be guaranteed accurate and should be used for guidance only. If particular features, colours or measurements are important to you please check with your Hotpoint dealer before purchasing.
