FLOORS FOR REAL LIFE

At Pergo we build strikingly beautiful, extremely hard-wearing floors. No shortcuts, no compromises, just the best in Scandinavian function, design and engineering. We invented laminate flooring and in fact, we've been innovating floors that have gone from strength to strength since the 1970's. Floors that are easy to install and maintain. AQUASAFE: BECAUSE LIFE'S TOO SHORT TO WORRY ABOUT WATER

All Pergo Rigid vinyl floors have AquaSafe, our in-house developed technology that creates a sealed, 100% watertight* surface all the way down into the bevels, preventing water from penetrating the floor. It simply stands on the surface and you can easily wipe it away.

* Tested according to ISO 4760 (no leakage) and is not following EN13553 standards designed for welded resilient floor coverings.

WHY PERGO VINYL FLOORS?
